

LYRICS

Start with dominant hand wrapped around other fist.

Here is the beehive, but where are the bees?

Hidden away where nobody sees!

Watch and you'll see them come out of their hive.

Model holding up fingers for each number.

One, two, three, four, five!

Add a tickle with your gathered fingertips if your child loves that!

Bzzzzzzzzzz.

ACTIVITY

This fun fingerplay gives your child a chance to imitate your motor motions and practice your fancy fine motor motions to count with their fingers. Allow plenty of wait time for your child to form the motions for each number. It can be tricky for them to isolate their fingers to count. With lots of opportunities to practice, their finger counting skills will improve!

Our music videos provide an opportunity for YOU to learn a new song so that you can sing it face-to-face with your child. Your child likes your voice best, so share your voice as you enjoy this song together.
